 the people-owned farm "Kirschstuck" in Schwerin, which has an agriculturally useful area of 106 hectares. For 1951, the delivery quota per hectare was as follows: wheat and rye - 1,100 kg; oats and barley 700 kg. For 1952 the quota for milk is 125,000 liters and for pork 24,000 kg. The report also gives details on amounts paid in salaries during 1951 and to whom. Some detailed information on planting is also given.

[redacted] discusses economy steps taken by the Federation of People-Owned Farms in Mecklenburg. The farms seem to be deeply in debt and a re-organization is to be undertaken. Neighboring ~~smaller~~ farms are to be grouped together to form a combine which will have an over-all administration. These combines are to be formed in 1952.

ILLEGIB

In 1950 the people-owned farms in the entire GDR owed 76 million DM; in Mecklenburg alone the debt amounted to 26 million DM. In 1951 the debt was to be reduced to 34 million DM; however, with half the figures in, it already amounted to 54 million DM.
